All we need is Pence. That's it.

I hope I'm wrong, but I'm pretty sure Pence is just going to proceed with confirming the faulty electors after the house and senate has a phony vote.

I really hope you are wrong. That means Trump had 4 years to plan and did nothing.

▼ This. Anyone complicit in this fraud needs to be held accountable and get precisely what they deserve.

▼ Each objection, after debate, must be voted on by the House and Senate. Both chambers must approve (don't know official term) the objection, otherwise the issue is moot. Even if the Senate votes as expected, I'm not counting on House approval.

We need the state legislatures to make their own decisions.

▼ Make no mistake, the "117th Congress" is illegitimate, 116th Congress most likely was too.

▼ I believe this statement is correct. They're betting that you will comply to no standing, no vote and complete lawlessness.

1 Son, I've been a soldier in this war since the early days of r/TD. I'm out here ADVOCATING for people to take action rather than speak it. We're always saying "wah someone do something" but no one does anything themselves. People are lazy and waiting for others to do things for them. Ever heard this before: "I won't show up on the 6th... because I'm sure others will be there in droves." Or maybe "The time for action is now!" but they do nothing. They're just screaming into the void. I'm not advocating for violence, but for whatever is necessary to save our country. If people think action should be taken, let THEM be the first to move. I'm trying to get them to think of what they actually WILL do. But apparently, that makes me a "glowie faggot". Fuck you
